Charlie Williams asked if the abandoned trailer on 339 by the township could be moved. Bobby Frey stated that the trailer on the State's right-of-way and the township cannot do anything about it. Jack stated that they ran the plate it is owned by Mr. Hoover who lives in Milmont and is now disabled. Mr. Hoover was previously contacted about selling it; however, he does not have the title. Bobby suggested Mr. Williams contact PennDot since it is on their right-of-way and see if they will do anything about it.

Mr. Edwards stated that he read an article that the Narcan that the police talked about last month will not work on drugs mixed with Fentanyl. Jack stated that there are discussions with the Attorney General and pharmaceutical companies who are studying it. Jack also stated that the township did receive new Narcan from District Attorney Leipold's office and the township will be kept on the fill list.

Kim Orzolek asked how wide the right-of-way is on Rt. 339. Bobby stated that it varies and since that area is at an intersection it is very wide. Dave Broadt stated that the right-of-way's vary all over the township going from 125 ft in areas to 45 ft. Tom stated that the townships are 33 ½ ft. - 50 ft or if an intersection changes it.

Mr. Bodman asked if the project in Wonderview was completed yet. Bobby Frey stated that the contractor has not been in the area yet due to being behind from the weather.

Mr. Bodman asked the status of the zoning ordinance since the May 23rd meeting. Mr. Turowski stated that the latest final version was just sent to him by Carson to review, and if everything is acceptable, he will forward to the to the county for their final review. The county has 45 days and then another public meeting will be held to adopt it and the final version will be put on the township's webpage.

Mr. Bodman asked if there are any rules that the township has as to what can be done about trees overhanging property lines. Mr. Turowski stated he is not sure, but it is more of an issue between neighbors. Mr. Turowski also stated that a property owner can cut overhanging branches back to their property line.

Bobby stated that he met with Greg Dibble from PennDot to get an estimate for putting blacktop on Church Road to where it meets Mt. Pink across from Mr. Bodman's. They will also coordinate the repairs to the ditches by Dave Klingerman's by digging it out, regrading and putting mesh in for erosion control.
