Public Comment

Dennis Williams stated that he was trying to clean up his mom’s house below and has a problem since the property is divided into two acres with the old barn and he would like to build a new larger garage than the one that just burned down and asked what he needed to do. Since the property is zoned as a conservation open space area, he needs 5 acres to build and the supervisors told him he would need a variance and would need to complete an application for the zoning hearing board. Mr. Williams stated he would. Larry Frace stated the application is on his website.

Ed Edwards thanked the supervisors for the work done on East Maple Drive before school started. Bobby stated it will be graded soon as well.

Mr. Bodman asked if there were any updates on the Ag Security plan. Tom stated that they are still working on straightening everything out and will be adopting a resolution tonight.
