## **Public Comment**

Mimi Mylin reported on the website updates. She talked about it could be done in two phases. The second phase would be using more technology to record the meetings virtual. The first phase is reorganization of the website and make it more user friendly. The first phase could be done by the end of the year or the first part of 2021. There would be minimal cost for the first phase. She gave various ways the site could be improved. She asked for ideas from the citizens to what they may want on the site.

Tom Arnold ask about the Ordinance for Unsafe Buildings and where it stood. Tom answered that Matt was working on it. Gerald Bodman asked about the Property Maintenance Code and if it be a better code to use. Larry answered that it is a well-used Code which has been tested throughout the years.

Gerald Bodman asked if there was any state law on only allowing contractors who use their own equipment for township work be license contractors. Robert and Tom did not think so, but Matt would check into it. The issued centered around liability if a contractor was using the township equipment.

Gerald Bodman asked how much is the snowblower was being used. Robert replied that it does get used some, but last winter was mild.

Gerald Bodman reminded the board, that we have a vacancy on the zoning hearing board.

Gerald Bodman talked about the AG security area. Matt responded that a review will not happen until 2026. Gerald feels that that is incorrect. He stated that no seven year has been completed. He said the master list was last updated in 2006. He said he talked to the Department of Aquicultural and they will require a lot of paperwork to comply. He said the township must document change of ownership etc. and supply to the state. Matt and Gerald had a discussion on this. Matt feels township is complying.
