Public Comment

Dave Broadt thanked the supervisors for the good job on taking care of the roads during the snowstorms.

Joyce Lingousky asked if anything was done about the garbage at 286 Main/Miffin Road. Randy stated that he talked with Mr. Turowski about the issue who told him that the ordinance adopted in 2016 applies to this issue and they will follow-up with Larry Frace on this. The steps are that Mr. Frace will send a certified letter to the owner and if he does not clean it up in “x” amount of days, then it goes to the magistrate.

Josh Klingerman first thanked the supervisors for the fantastic job they do on the roads and keeping the township in great shape.

He then stated that he has an interest in working with the township on providing the insurance coverage. He stated that he cares about the township and if something should happen he would be available. He has worked with Lisa last year and knows that Selective Insurance is the township’s current carrier and the township could just sign a broker of record and then they could become the township’s agent. He works for the Dunn Group and they provide packages to other township’s and fire companies such as Mcado Fire Co. In order to provide a competitive quote he would need access to the township’s full policies and he would also look for gaps in coverage.

He thanked the board for their time and consideration.

Charlie Williams thanked the supervisors for the excellent job with snowplowing.
